Call to Sec Krancer at DEP went well. DEP looks forward to seeing AM but have agreed they want to participate in sampling. Will get back to us later today on whether they want a more active role in delivery of water.

We are wild here trying to clean-up all the communications documents. I have job of cleaning up Qs/As and am retreating now to a hole to get that done.

Will update you folks this afternoon after Cabot call.

You bet, and we all kept our senses of humor.. Let us know how the calls go today with the State and Cabot. Also, what's the status of the communication materials? I understand Betsaida was going to call Bernadette, OECA, this morning. have you all heard anything? Thanks.
